

CHOICE & style for everyone

High performing and stylish, Tollgate's extensive catalogue of toilet cubicle fittings look great in any washroom. Now with an extended range of DDA compliant products, from door handles to indicator bolts, Tollgate continues to be the innovative choice for specifiers and architects alike.

TOLLGATE
PRODUCTS LIMITED

Tollgate's range of DDA compliant products now includes 'back to back' door handles for disabled cubicles, soft touch and colour contrast indicator bolts for users with dexterity problems, such as arthritis, and modified indicators with red/white colours which assist the visually impaired between vacant and engaged cubicles. These bolts include coin emergency release function as standard.

With over 30 years experience in the cubicle and washroom sector, Tollgate is committed to continually improving its products and adding new designs to ensure a stylish, safe and user friendly solution for everyone.
