

Zenith. ^{TOLLGATE}

Reach for the summit of style and design

Available in a variety of finishes | Fully DDA compliant | Suitable for all installations

An exciting new ironmongery range from Tollgate has arrived!

Zenith is the complete solution for all cubicle hardware dilemmas. This range is the first choice for installations that require high quality fixtures and fittings that can stand the test of time. Available in a variety of finishes, when it comes to style - Zenith leaves others in the dark.

Fully DDA compliant, Zenith can be incorporated with existing security fixings, ensuring a safe and secure user friendly washroom experience.

Once again, Tollgate's expertise realises new heights of success with Zenith - the specifiers dream ticket to a first class installation time after time!
